## Projects

### Weather Dashboard

HTML,CSS,JavaScript

- Developed a Weather Dashboard using JavaScript that fetches real-time weather data from a public Weather API
- Implemented API handling using fetch/async-await for efficient data retrieval
- Designed a responsive UI using HTML and CSS for better user experience

### Portfolio Website

HTML,CSS,JavaScript

- Built a personal portfolio website with multiple sections including About, Skills, Projects, and Contact
- Showcased projects with descriptions, technologies used, and live/demo links.

### Task Manager

HTML,CSS,JavaScript

- Developed a Task Manager application supporting full CRUD operations (Create, Read, Update, Delete tasks)
- Implemented task filters to view All, Completed, and Pending tasks.
- Built interactive functionality using JavaScript for task status updates.
